Jr. Women's Club Meet

The regular meeting of the Arlington Junior Women's Club was held last Monday evening at the Robbins Memorial Library Hall. An interesting array of presents were shown and how to wrap them by Mrs. Wagan. She also made some very cute Santa Clauses which could be worked up right at home.

Mrs. Magnus stressed the importance of the Blind Circle to the girls in the club. Each one was asked to be present at least one meeting.

Quite a few of the members were also interested in the play which the club will put on in March. Many of the girls signed up for it. A Chorus rehearsal was held after the meeting. Plans have been made to sing at several of the hospitals.

The lucky winner of the sweater which was drawn at the meeting was Miss Esther Hughes of Arlington Heights.

The Christmas party took place on Monday, December 19, 1949. Only the members are allowed to come to this meeting. Secret gifts were exchanged and also little tracts.

Mrs. Brenshimell loaned the girls her portable television set for the party.

The Christmas articles made by the Carliac children were also displayed. Many of the girls purchased little boots and also the tiny figures of Mr. and Mrs. Santa Claus. The club hopes to make a success of this drive for the children.

NEW ARRIVAL

DELIGHTFUL PAGEANT AT FIRST BAPTIST CHURCH

A very delightful Christmas program was presented at the monthly meeting of the Women's Missionary Society of the First Baptist church in Arlington, on Monday afternoon, December 12th, with the president, Mrs. Gordon Sanders, presiding.

The devotional period was in charge of Mrs. Malcolm Griffin, who gave an inspirational message.

Special Christmas carols were rendered by a youth group of young girls. The theme, "The Nativity," was beautifully portrayed in art, poetry, scripture and music. The poetry and scripture were read by Mrs. C. Wesley Johnson, and Mrs. Clifton Philbrick. The musical part of the program was rendered by a quartet consisting of Miss Carol Huggins, Mrs. Wilmer Taylor,

Mrs. Roland Wallman and Mrs. Paul Smith, directed by Mrs. J. Clark Wyman, and accompanied by Mrs. John Crosby at the piano. The scenes were projected by Mrs. L. Curtis Foye.

Members of the Home Department were special guests, four of whom were able to attend. They were given special welcome by Mrs. Nathan W. Wood, and each was presented with a gaily wrapped Christmas gift and a Christmas card, by Mrs. Earl Bolton, who made a personal call on each member. Those present included Mrs. Arthur Clare, Mrs. Charles Hazelwood, Miss Lottie Bennett, and Mrs. Florence Armitstead.

The Fireside Group were the hostesses, and served cookies and tea from tables appropriately decorated for the holiday season. White Cross work for the Health Christian Center was exhibited. A prayer by Mrs. York King brought the meeting to a close.

Hope Practically Abandoned For Town Parking Lot Use

Although the Department with the aid of state engineers, completed promptly its layout plans, the estimated cost of the work as submitted by Fay, Spoor and Thordike, is approximately \$19,000. This is exclusive of engineering fees.

It will be recalled that the town appropriated in 1946 the sum of \$11,000 for the work, and in 1949 at the special October town meeting, two thousands dollars additional was voted to take care of the rising construction costs, these latter figures being based upon the estimates of the Planning Board, which it was conceded was also in contact with the above named firm.

The pipes for drainage of the area are already at the project, and the exact manner of the solution to this problem has already been decided upon.

The Board of Public Works plans to use the town engineering department for the final and complete plans, which are promised at the latest by February first, 1950. These plans will form the basis on which the advertising for bids will be made, to take three more weeks, and if such bids prove that the work can be completed on the sum of \$13,000, the work will be awarded without delay. If, however, this figure is not found to be adequate for the work, more money will have to be asked for at the annual March town meeting. For the winter months, therefore, the matter seems to have come to a standstill.

CATHOLIC WOMEN'S BRIDGE JAN. 3

The regular bridge and whist party of the Arlington Catholic Women's club will be held in the American Legion Hall, on January 3rd at two p.m. The hostess, Mrs. William Walker, will be assisted by the following committee: Mrs. Margaret Grady, Miss Julia Grady, Mrs. Charles Grady, Mrs. William Grannan, Mrs. Frederick Grant, Mrs. Frank Griffin, Mrs. James Grue, Mrs. James Hagen, Mrs. George Hammond, Mrs. William Hauser, Mrs. Francis Hayes, Miss Mary Heffernan, Mrs. John Flynn, Miss Rose Furdon, Mrs. William Furdon, Mrs. Joseph Galleiani, Mrs. Peter McDonough, Mrs. Andrew McKay, Mrs. Leon O'Brien, Mrs. Martin Gillespie and Mrs. Thomas Hannabury.

Dr. Thomas died on Monday, December 19th. She was the wife of Dr. Charles A. Thomas, also a well known Arlington dentist.

WILLS ESTATE TO HIS WIFE

Walter E. Lannefeld, 68, of 21 Valley road, Arlington, formerly executive vice-president of Lever Brothers Company, who died on December 4th bequeathed his \$488,919 estate to his wife, Mrs. Emilene L. C. Lannefeld, it was revealed in a will filed last week in the Middlesex Probate Court.

Lannefeld, a native of Chicago, Ill., who did not have the advantages of a formal education, but rose rapidly in the business world, was associated with Lever Brothers for more than twenty-five years. Earlier, he served as an executive with the National Aniline and Chemical Company, of New York. He retired

three years ago, and had made his home in Arlington for 25 years.

The will, which was written in 1911, under the laws of the State of Illinois, was accepted by the court. Lannefeld left real estate valued at \$170,000, and a personal estate of \$381,919. He ordered that in the event of his wife's death, the estate be equally divided among his children, "share and share alike" he had written. In addition to his wife, Mr. Lannefeld is survived by a son, Theodore E. Lannefeld, of Townsend; four daughters, and two sisters, Mrs. Frank Deme, of Miami, Florida, and Mrs. William Droege Mueller, of Chicago.

Majority Of Abutters O. K. Work On Streets

On Tuesday night, the joint board of Selectmen and the Board of Public Works, held further hearings on the matter of acceptance of proposed streets. Up for consideration at this meeting were Hilton and Crosby streets, and Bradley road. It was unanimously agreed to approve such work on Hilton street, at an estimated cost of \$2745 for 320 feet. On Bradley road matters, three were in the affirmative and two dissenters. The costs of this work was put at \$4726 for 350 feet. The costs on Crosby street, were announced at \$8234 for 570 feet. A serious drainage problem presents itself here which must be entirely borne by the town.

at an estimated cost of \$45,343, before any actual work on the street itself can be done.

At a previous joint meeting, abutters from High Haith, Longfellow, Johnson, Radcliffe, Raleigh and Shawnee roads voted unanimously to have the streets accepted except in the case of Raleigh and Shawnee.

In the matter of the latter street, the abutters were unable to reach an agreement as the cost would amount to about \$140 per lot, and the hearing on Shawnee road was adjourned to permit the abutters to decide to remove the four foot ledge in that location.

His affiliations include the Arlington Chamber of Commerce, in which organization he is a director and trustee, Arlington Friends of the Drama, member of the Arlington Housing Authority, division leader of the Symmes Arlington

hospital drive, and associate member of the Zoning and Building Boards. A graduate of the local high school, and of Harvard University, he received his A. LITTLE THINGS

TELEVISION - RADIO - HOLLYWOOD

By GEORGE LILLEY

ONE of the biggest batches of fan mail in television (some 8000 letters weekly) goes to characters who just aren't human. They are Kukla and Ollie, puppet stars of two-year-old "Kukla, Fran and Ollie," early evening NBC TV show. Kukla (Russian for doll) is an earnest little imp, Ollie a wistful dragon. These and seven other fanciful characters are the creations of and voiced by a young (31) Chicagoan, Burr Tillstrom. Pretty Fran Allison, ex-rural school teacher, is the "kids" friend. She wanders their enchanted world with never a thought that they aren't human. Ostensibly for children but loved by adults, "KFO" is unrehearsed, has two national sponsors—one an ice cream company, appropriately, Tuesdays and Thursdays.

NOTES ON SUCCESS

Jane Pickens: Atlanta, Ga., reared Songbird. All her life, she told "We, the People" radio-TV audiences, Friday nights, NBC, she wanted to do something operatic, "but success kept me from my goal." One popular singer who can read music. Jane studied serious music at Philadelphia's Curtis Institute, New York's Juilliard School and abroad in Paris. But as arranger and songstress with the jivey Pickens Sisters (Patti and Helen), Jane gained fame and fortune. After her sisters married, Jane made appearances with the Philadelphia Symphony and New York Philharmonic. Currently she has her first, big opera role—the lead in the new Broadway hit "Regina."

FOSSIL FOR MIKE

Paul Henreid went from the radio serials to Hollywood stardom. Another likely looking candidate: Michael Fitzmaurice, "Phil Stanley," of the high Hooters, 10-year-old NBC afternoon "When a Girl Marries." Handsome Mike Fitzmaurice is a Cambridge educated, ex-Los Angeles police reporter. He would rather be a good writer than a good actor, prefers New York, where the show originates, to the West Coast. Mike has a rovel interest at the moment. Seems the public with a fake fossil, carved of gypsum, billed as the "Cardiff Giant." It belonged to Mike's great grandfather, an associate of Barnum. Mike is claiming legal right to the piece, now in a museum, "in memory of granddad."

Very Little Things

Someone stumped Ed Byron, producer of Wed. night (NBC) "Mr. District Attorney." They asked him the name of radio's Mr. D.A. Byron recalled quickly: Larkin, who plays detective "Perry Mason" on the radio (afternoons, CBS), gets claustrophobia in a tightly packed elevator. He feels "imprisoned" when a barber puts a cloth around his neck, consequently gets few haircuts (see cut). A script problem of the family comedy "Father Knows Best" (Thursday nights, NBC) was to name the town where the "Andersons" live. The producer, who wanted no specific locality, finally settled for "Springfield," because there is a Springfield in most every state in the Union.

Mr. and Mrs. Gaetano Colozzi, of 44 Fayette street, Arlington, have announced the engagement of their daughter, Miss Dorothy C. Colozzi, to Mr. Augustine S. Mr. Bova, now a student at the Cambridge school of design, served in the United States army for two years during the recent war. Miss Colozzi is employed in the office of the Hardware Mutual Insurance Co., in Boston. No date has been set for the wedding.

HOLD XMAS PARTY

On Tuesday evening, December 27th, at eight o'clock, the Winchester Toastmistress Club held its Christmas party at the home of Mrs. Helen Pietz, 99 Pine Ridge road, West Medford. The guest speakers included Mrs. Rena Bagly, who spoke on "What Christmas Means to Me", Mrs. Lillian Last, who gave a talk on "Christmas in England", and Mrs. Katherine Reid who also was one of the featured speakers of the evening. Miss Ann Mootz acted as toastmistress. Christmas carols were sung by the members, accompanied on the piano by Mrs. Lennis Bowen.

Miss St. Martin is employed at the Brookline store of S. S. Pierce Company. Mr. Vincent is a veteran of the last war, having served for four years in the United States Navy, and is a member of the Arlington Fire Department. Miss St. Martin is a graduate of the local high school, class of 1947, while her fiancé was a member of the class of 1944. No date has been set for the wedding.

The Arlington Boys Club has swung into its winter program after a very successful fall season. Already the Baseball leagues, Ping Pong, Pocket billiards, Checkers, Carroms and Bridge Tournaments are under way. These leagues and tournaments are run throughout the winter months for the members of the Arlington Boys Club. Each boy completes in his own age group to insure healthy safe competition.

Twenty nine teams are the basketball leagues with a total of 163 boys playing at least two games a week. The Senior league with 8 teams for boys 16 to 20 play three afternoons a week, Saturday morning the Pond Lane Club House rings with laughter and yells as the Junior league are just learning to play basketball, they are kept busy with simple games that develop basketball skills. Paul Shea, gym instructor at the Boys' Club sets up and handles these leagues besides giving instructions to his boxers on hitting the timing bag and heavy bag and closely watching the wrestlers and tumblers. "Dinney", as Mr. Shea is fondly called by the boys at the club, points with pride to his basketball leagues stating "that is why the people in Arlington can be proud of the high school basketball teams of the past few years."

Downstairs in the Midget and Junior room dozens of boys from the ages of 8 to 12 are in the process of eliminating one another in the many tournaments.

Austin "Pop" Welch genial director of this department watches his boys go through their games with a keen eye, always sure to give a little praise to the winners and consolation of to the losers. "Pop" a veteran of 330 years service in the Boys' Club work handles his boys like a mother hen handles her chicks. This may be the reason why all the members of the club look upon him as a personal friend and advisor. "Pop" has organized 26 group clubs at the Arlington Boys' Club. These clubs are formed from natural boy gangs. When a group of boys who are pals show up at the club "Pop" talks to them about forming an organized club. When this is agreed to they pick a name and elect their officers for the club. A volunteer leader is then carefully picked to supervise their weekly meetings. Each club has one period a week in one of the shops at the Boys' Club. In the course of a year each club has spent time in all of the shops. The reason for these clubs "Pop" explained is to teach boys the democratic way of life and how to compete with other boys and clubs in a spirited whole-some way.

The shops under the supervision of Mr. Ottoson, principal of the Junior High West in Arlington, and a number of volunteer workers have made in the wood-working, metalcraft, plastercraft, leather-working and photography classes to the numerous visitors to the Boys' Club.

Two large game rooms and the first floor are the Senior and intermediate game rooms. Here the older boys are in the middle of their monthly tournaments. These tournaments are held at the end of the winter season and are set upon a "Champ of the month" basis. Play offs will be to determine the champion of the

Arlington Boys' Club. Often you will find the Seniors or Intermediate boys holding a bull session on sports and school and what the future holds for them. Then in their rooms, a Senior and Intermediate council elected by the boys themselves have a meeting once a month to talk over club policies and air out any "gripes" they might have or to give suggestions. James "Jim" Kenealy director of these departments sits in on these meetings informally acting as an advisor for the boys. In this way the older boys govern themselves by setting up rules and special events they hold.

Looking into the offices at the Boys' Club, you will find Mr. James Sumner, Executive Director of the Arlington Boys' Club working at his desk looking over the club program to make sure every member of the club can be sure of a fun filling safe time at the Boys' Club and thinking of ways to find more room in his already overcrowded Jond Lane Clubhouse. Walking around the club Mr. Sumner takes pride in showing off the 4 newly renovated bowling alleys in the club. The Bowling alleys under the supervision of Jerome (Jerry) Denman have been averaging 300 strings a week by the boy bowlers.

The Arlington Boys' Club solves many home work problems in the new reading room just off the lobby. This room has a library atmosphere where a boy may study or just read one of the many books available to him. Saturday afternoon finds the small fry at the club acting as engineers with the Boys' Club model train set going full blast.

On special evenings one may see the Arlington Boys' Club Wranglers in action at some community affair throughout the town. The Wranglers a group of boys formed as a western "Hillbilly" band put on a song and skit performance that would stand up with many professional troupes. Bob Munstedt, noted radio and television entertainer, formed the Wranglers and acts as master of ceremonies with the boys.

Every Friday night is movie night at the club when 3 to 4 hundred boys see lively western or other carefully selected films.

The Arlington Boys' Club has answered many questions on how many members does it have, by pointing to this year's membership hart that reads well over 11 hundred members so far this year.

SALVATION ARMY "CHRISTMAS CHEER" PROGRAM BROUGHT JOY TO SICK, NEEDY AND FORGOTTEN

Twenty Minor Accidents Here

In spite of great precautions and safety measures taken by the Arlington police department, and the alertness of the local fire department members, twenty accidents mostly of a minor nature, with the exception of the fatal tragedy which took place on Tuesday night on the Concord Turnpike, marred the serenity of the Christmas week-end holidays.

Late Christmas Eve a Packard sedan owned and operated by John G. Coster, 21 No. Warren street, while proceeding outbound from Boston, struck and knocked over the safety island at the corner of Mass. ave., and Lake st. The car then rebounded and hit an Edison light pole on the corner of Mass. ave. and Winter street. Clarence Kelley, 37 Beach street, Woburn, a passenger in the car with the operator, was taken to the Symmes Arlington Hospital for treatment, and later released.

On Sunday night, Richard A. Milton, 22 Rindge rd., Belmont, parked his Dodge sedan in front of 253 Pleasant street, for repairs to the engine. While he was examining the engine, the car was struck in the rear by a Ford sedan, owned and operated by Howard Kane, 108 Waverly rd., Arlington. The driver of the Dodge, and an unidentified passenger were taken to the Symmes Arlington Hospital for treatment, and later released.

Frank Berry, 44. 9 Moulton st., Arlington, while crossing Mass. ave., in front of number 900, was struck down, by a Studebaker sedan owned and operated by Miriam I. Olson, 85 Columbia rd., Arlington, which was proceeding inbound to Boston. The injured man was taken to the Hospital in the police ambulance where it was reported that he received a bad cut on the right temple.

The Arlington Salvation Army corps center and service fund committee is working hard to hand out those centers throughout Greater Boston, in planning mammoth "Christmas Cheer" programs, to set the stage for one of the most extensive schedules in the history of the organization.

One of the festive highlights included a party for selected needy youngsters and their parents to be held Friday, Dec. 23, at Mechanic's Building. Entertainment included star-studded performances by radio and screen personalities, clowns and jugglers.

On local fronts Salvation Army Service Fund committees have planned wide-spread programs for a spirited merry Christmas for their needy.

Sunshine baskets, dinners, food and clothing, gifts of toys were just a few of the services being initiated, with the funds derived from the Salvation Army 1949-1950 Greater Boston Appeal.

Moving in to the Greater Boston area the Family Service Bureau extended Yuletide cheer to 600 families and 2000 individuals in the form of dinners, with League of Mercy workers distributing 7000 Sunshine baskets to various hospitals, infirmaries and city homes.

Among the institutions visited, also by touring volunteer Salvationists singing Christmas carols, will be Roxbury's Veteran's Hospital, Waltham Murphy General and City Infirmary, Bedford's Veteran's Hospital, Chelsea Soldier's Home, Cambridge City Infirmary, Malden City Home, hospital and home for aged, Medford City Home, Somerville City Home and the Cushing General Hospital in Framingham.

A similar situation can be established in the West Cambridge area, accommodating many thousands of cars from the north and north-west of Boston and will keep these automobiles off the streets of the City of Boston affording quicker transportation for the people of this area. It will also encourage more riders on the M. T. A. system and assure an additional income.

Colonel Bingham will make further recommendations to the Committee on Metropolitan Affairs who, in turn will make a report to the General Session of the Legislature in the year 1950.

Boy Scout News

The Sachem Council Executive Board with president John Todd of Lincoln presiding held their monthly meeting November 21 at the Council Headquarters in Lexington. All District Chairmen reported need for more volunteer adult leaders to supervise the many Boy Scouts now registering in Troops and Cub Packs. Three new Cub Packs are being formed in Waltham one in Carlisle, and a new Explorer Troop in Lincoln. These new units are the start of many throughout the Council and show that Scouting is being sought by more youth every day. These new members are added to the Cut Packs, 54 Scout Troops, and 12 Explorer, or Young Men's groups in Sachem Council. According to a report by Scout Executive Philip Johnson, Sachem Council is now on New England's Honor Roll in membership. "With the new age change effective September 1st, now allowing a boy of 8 to become a Cub, and the 11 year old a Scout, the ranks of our many units in these nine cities and towns of Sachem Council will be filled to capacity," he remarked. More opportunities and organization should be developed to give the many hundreds of full time American citizens the values and training in the "American Way of Life," living, playing and giving for the development of our nation. Vice-President, Charles Hume announced the reorganization of the Explorer Air Scouts at Bedford Air Field being sponsored by the 2334th Air Reserve Training Center. Registration of youngsters 14 years old or over who wish to take advantage of this opportunity to learn meteorology, aerodynamics etc., was held at Building T409 Bedford Air Field Thursday evening December 8 at 7:30. Council Operating Chairman James Brett spoke of the proposed site of the Woburn Rod & Gun Club adjacent to the Council property at Camp Oak. This Club plans to establish a clubhouse and skeet range. After much discussion the Executive Board voted to protest such a move, because of the close proximity to property where Scouts camp and hike. Serving with President Todd this year are Vice-President Dr. Henry Swaabe of Belmont, Charles Hume of Bedford, and Harold Anderson of Arlington. Levi Burnell of Lexington is Council Commissioner, while the following men served as Chairmen of the Operating Committees of Sachem Council whose function is that of "Helping put the merchandise of the Scouting Program down to the Troops, Packs, and Explorer units. Advancement—Hubert Lockhart of Belmont. Camping and Activities—James Brett of Watertown, Health and safety—L. Curtis Foye of Arlington; Cub Scouting—Dr. Henry Swaabe of Belmont; Senior Scouting—Charles L. Smith of Weston; Public relations—J. Warren Blake of Bedford. The Chairmen of the six districts in Sachem Council are: Arlington—Henry Keenan; Belmont—Donald Tucker; Concord—Lincoln—Carlisle—Dana Murphy; Lexington-Bedford—Bert V. Born-gesser; Waltham—Arthur Leydon, Watertown—Charles Burke.

It's great to be a Scout at Christmas time. There's a whole new world at your feet: a world of plans and dreams, of thrilling Scouting experiences—a world that bursts into a shower of exciting Scout gifts beneath the tree on Christmas morn. True Scout gifts will bring the merriest Christmas ever seen, and highest Scouting fun and adventure all through the bright New Year ahead. Official Scout outfitters announced by Sachem Council are Ready's in Lexington, Sam's in Waltham, and Bleden & Snow in Arlington.

Rep. Keenan Asks For Traffic Control On Concord Turnpike

Within the last week, Representative Henry E. Keenan has requested of John F. Stokes, Commissioner of Public Safety, Rudolph King, Registrar of Motor Vehicles, and Edgar F. Copell, Commissioner of Highway Safety, to make serious study to have the Concord Turnpike from the Alewife Brook to the Concord Reformatory placed wholly under the control of the State Police, and requesting that the same stretch of highway be patrolled by the State Police working out of the Concord Barracks.

Representative Keenan requested this because many complaints of excessive speed and the frequency of both minor and major accidents along this highway. The three Department heads have indicated that a complete study of the situation will be held forthwith, and that a report of the same will be made to Representative Keenan within a reasonable time.

WBZ, WBZ-TV Sportscaster and Former Major League Pitcher

THERE HAS been considerable moaning about the lack of big deals at the winter baseball meetings; but as a matter of fact, the days of big deals appear to be about over. The day has come when you can't step out and buy yourself a championship. You have to build your own team, out in the bushes.

The late Colonel Jake Ruppert actually bought himself a baseball dynasty, when he acquired the New York Yankees. But the Yankees no longer depend on money to build championships. The Yankees have a far-flung farm system, and the great majority of Yankees today came up through the farm system.

Tom Yawkey had bitter experiences trying to buy a championship. He purchased such famous stars as Jimmy Foxx and Lefty Grove from the Philadelphia Athletics, Joe Cronin from the Washington Senators and Vern Stevens from the St. Louis Browns.

But the Red Sox team of the future, will be one developed slowly and painfully through the Sox farm system. Mel Parnell, Maurice McDermott, Walt Dropo, Chuck Stobbs and Tom Wright have all played on Red Sox farm clubs.

The Braves bought themselves a pennant in 1948. But the new Braves' team has such players as Al Dark, Del Crandall, Normie Roy and Roy Hartsfield, all of whom have had minor league experience on Braves' farm clubs. The team of the future in the major leagues depends on how strong your triple A and double A clubs may be, not on how much money you may have in the treasury.

Just Between Us

WHEN BRUSH-OFFS ARE RECOMMENDED

By Maria Catherine

Woman's crowning glory loses much of its sheen when exposed to sun, wind and salt water unless it is cared for correctly—care which includes frequent brushings and applications of the proper lotions. In support of these statements, all you have to do is to look at these pictures of Susan Thorne and reason why she's always so charming when she is in the MBS studios for her radio actress roles in such dramatizations as the Sunday "The Shadow" mystery programs.

For best results, Susan recommends, grasp the brush handle firmly and turn the wrist under so that the bristles penetrate all the way to the scalp. Let those bristles tug at the roots of the hair so that scalp circulation is improved. Then bend backward from the waist, letting your head hang down as you

brush in the latter case in order to avoid irritation. She always uses a clean brush to prevent the possibility of dirt from previous uses

Special Washday

being returned to her hair. The brush should be cleansed nightly in warm suds, followed by both hot and cold rinses, the cold rinse for the purpose of restoring the stiffness of the bristles. Of course the hair itself should be kept clean and to this end Susan maintains its loveliness by washing it at least once a week with her favorite shampoo.

A small bottle of brilliantine will help keep that half shining smooth after a day in and out of the water and under a hot, drying sun. Before an afternoon of swimming and sunbathing, spread a bit of the lubricant between your palms and then over the surface of your hair, after which brush it with long strokes to distribute it properly. Under the sun the oil acts as an invisible helmet, while under your bathing cap it adds resistance to water.

Backstrokes

brush the under hair. A good time to do this is when relaxing with a book or while sun bathing, though Susan suggests using a softer

EXPERT ADVICE ON HAIR TREATMENT

There are so many women and men interested in the permanent removal of superfluous hair that Olympia Galligan and Florence Rock, Experts and Instructors of the Thermiquetron System of Epilation were called upon in order to get first hand, the method employed for the solution of this problem.

Miss Rock demonstrated the Thermiquetron technique and her speed and dexterity were amazing. She clearly proved that it was possible to remove as many as 1600 hairs (and even more) in one hour by the use of the Thermiquetron electric needle method. She emphasized that it required the proper apparatus and a well-trained and

skilled operator to permanently remove hair safely, painlessly and with no scar tissue. The speed of the Thermiquetron technique definitely makes this the most inexpensive method of permanent hair removal available.

Miss Galligan explained the relief felt by so many to find that the solution of their problem was actually so simple. A treatment by Thermiquetron is as necessary as a regular routine maintained for good grooming and does so much to enhance your appearance. Thermiquetron is the satisfactory solution for the permanent removal of unwanted hair and is so beneficial to all who require treatment.

Commissioner Long Refuses To Permit Spending Of Extra Monies For Sanitary Div. Requirements

Henry F. Long, Commissioner of the Department of Corporations and Taxations in the Commonwealth of Massachusetts, has recently ruled that the \$15,000 appropriated at the special town meeting held in Arlington in October of this year, cannot be used by the sanitary Division of the Local Board of Public Works at the present time.

It is understood that the position taken by Mr. Long is based upon his objection to boosting appropriations at special town meetings for run-of-the-mill expenses. It is said that he believes such appropriations should be thoroughly budgeted and agreed upon at the town meetings. ONLY

This means that unless Mr. Long reverses the decision rendered by him earlier, the collection of rubbish and garbage by the town will have to be discontinued. It is understood that about \$4,300 is now on hand in this fund, and the cost for collections is figured at \$3,600 per week.

Not only will this mean great inconvenience for the citizens of the town, but the jobs of about fifty men will be jeopardized. The original request of the Board of Public Works for the sanitary budget was cut by the Finance Committee, at the last annual town meeting in March, in the sum of \$23,500. When it became evident that this reduced amount was in-

sufficient, the sum of \$15,000 was appropriated at the special town meeting in October, and it is this last sum which Commissioner Long now refuses to release. The increased costs this year come from the various dumping problems which arose during the summer months.

The Board of Public Works therefore requests that Commissioner Long revise his approval of expenditures from unexpended balances, by including this \$15,000 appropriated under Article 19 of the Arlington special town meeting, held on October 17th, 1949.

Scotch-English Night At Crosby PTA Makes Hit

Interest in the series of "Brotherhood" programs being sponsored by the Crosby School P.T.A. continues to run high. The monthly meeting features a different nationality each time in an effort to emphasize the constructive idea of brotherhood rather than one of mere tolerance.

The December meeting featuring Scotch-English Night was an extremely colorful and inspirational one. After the short business meeting conducted by the president Mrs. Raymond McKeever, the stage was cleared and from the back of the hall came the sound of bagpipes tuning up. Then down the aisle marched Mr. Frank Henry of Medford in his Scottish costume, playing the bagpipes. Then came Mrs. Fred Butler and Mrs. Fred Fowler with her daughter Patty, all in different family tartans. Mr. Henry played for Mrs. Fowler's wonderful dancing of the Highland Fling and the exciting Sword Dance as well as solo pieces.

The Rev. John Nicol Mark of the First Parish (Unitarian) church was the speaker. In his inimitable way he held the attention of the audience telling numerous

jokes about the Scottish people and recounting the contributions they made in literature, character-building, and ship-building. The crux of his talk in contained in the quotation of Robert Burns, "Man to man the world o'er shall brothers be and a' that". He said there is something poor about the individual who does not cherish his heritage; his heritage makes one a greater American because it gives a person a sense of values.

Mr. Samuel Carlisle of the Hardy P.T.A. sang old English carols and invited audience participation, which was given fully. Scotch shortbread and English fruit cake were served. Old chira, handwork, books, Scottish dress and Harris tweed were displayed. Mrs. Fred Fowler was the chairman of the committee, which included Mesdames Fred Dittmars, Nelson Brown, William Weems, Ronald Bussey, Raymond Marsters, and James Hillis.

Home Fire Protection

Protection against home fires rests in the hand of pretty Miss Jeanne Cambren, a rising television starlet. That is all the room it takes to hold a small detector unit of the automatic home fire detection and alarm system recently introduced by International Morse Products, Cleveland. This system designed specifically for homes, sounds an alarm within seconds after a fire has started, warning the occupants. Fire-fighting authorities agree that the high fire death toll is due to inadequate warning. Most people are killed before they are aware of a fire. The parts shown will fully protect the average five room home. A detector unit is placed in every room, and the alarm box placed in the master bedroom. All wiring is between the walls.
